

AMENDMENTS TO THE SPECIFICATION

Please insert the following paragraph following the Title and preceding the line that recites "Technical field":

Cross-Reference to Related Applications

The present application is National Stage (371) of International application PCT/FR99/02329, filed on September 30, 1999, which claims priority to French Application No. FR 98/12366, filed on October 2, 1998.

Please amend the paragraph beginning on page 14, line 27 as follows:

According to the invention, all the aforementioned chemical structures may have an affinity for a phospholipid selected from a phosphatidylserine, a phosphatidylethanolamine, a phosphatidylinositol, a phosphatidic acid, and a ~~eardiolipid~~ cardiolipin, the lipid chain(s) of the phospholipids may for example comprise from 4 to 23 carbon atoms. For example, the phospholipid may have a arachidonic acid chain, for example for phosphatidylserine.
